### COVID Conversations

Please be aware of how you are talking to each other, the children and staff of Hillsgrove about COVID. It is affecting everyone in different ways. You may not be aware that someone has been directly affected by the virus so please do not joke about matter or make light of the subject when talking to staff. You will not know their whole story so please be sensitive.

Dear all,

Thank you to the parents who took the time to write to myself and the Hillsgrove staff thanking them for their hard work and dedication. It really means a lot that we have the support of our community and your words really mean a lot.

As we move through the festive period, please continue to help us keep the whole school community safe.

**HANDS: wash them as soon as you get home**

**FACE: wear a face covering when on school premises**

**SPACE: stay at least 2m away from all adults**

As I have mentioned before, the last thing we want to do is have to close bubbles but the staff at Hillsgrove along with the children are taking as many precautions as we can to reduce the risk of spreading the virus.
